Subject: An Bord Pleanála

Good Evening Councillor,

I email you to keep you informed of matters in relation to Projects of Common Interest and the North-South Electricity Interconnector project. Eirgrid under EU Regulation 347/2013 has today (7th November) submitted a draft application file to An Bord Pleanála PCI Unit.

The EU Regulation provides that An Bord Pleanála in its role as competent authority under the Regulation shall, if necessary, make requests to Eirgrid regarding any missing information. The draft application file will now be examined for any missing information. The merits or otherwise of the project will not be examined nor will Eirgrid meet with or have contact with any planning staff as part of this process.

An Bord Pleanála (CPI) will keep you informed of the PCI process.

Regards.
