Subject: RE: PCI0001: Missing Information - 2 of 2
Attachments: Figure 6_1 Border Detail.jpg; Figure 7_10 Generic Tension Stringing Layout.pdf; MT-008-001 to 004.pdf; MT-008-005 to 008.pdf

Seamus,

As requested here are soft copies of the Drawings and Figures there were attached in hard copy format to my letter of 27th April 2014 and which were provided in response to your email below.

There are a total of six files to be provided and due to their size I am sending them in two separate emails. This is email 2 of 2 and has composite Drawing MT-008-001 to MT-008-004, composite Drawing MT-008-005 to MT-008-008, Figure 6.1 and Figure 7.10 attached.

Regards,

Aidan

Subject: Missing Information

Good afternoon,

I refer to your letter of 13/4/15 containing missing information in relation to the North-South Interconnector Project. The PCI process of dealing with the Missing Information under Article 10.4(c) is ongoing. We draw your attention to the following:

- The planning drawing schedule provided with the revised Draft Application File refers to Drawings MT-008-001 to MT-008-008 (inclusive) however the Missing information and Draft Application file itself now appears to provide two drawings providing elevational details of the proposed tower structures (Drawing Nos. MT-008-004 and MT-00-008). Should it now be the intention to include these two drawings only with the application file then the drawing schedule needs to be revised.

- Legibility of Figures and Illustrations provided in Volumes 3A to 3D. In the missing Information and revised Draft Application File there did not appear to be A3 copies of drawings provided (where indicated to be so) and the legibility of the drawings was still poor.

It is open to you to address these matters by submitting documentation to us.

Regards,

Seamus Grant
