Subject: Missing Information

Good afternoon,

I refer to your letter of 13/4/15 containing missing information in relation to the North-South Interconnector Project. The PCI process of dealing with the Missing Information under Article 10.4(c) is ongoing. We draw your attention to the following:

- The planning drawing schedule provided with the revised Draft Application File refers to Drawings MT-008-001 to MT-008-008 (inclusive) however the Missing information and Draft Application file itself now appears to provide two drawings providing elevational details of the proposed tower structures (Drawing Nos. MT-008-004 and MT-00-008). Should it now be the intention to include these two drawings only with the application file then the drawing schedule needs to be revised.
- Legibility of Figures and Illustrations provided in Volumes 3A to 3D. in the missing Information and revised Draft Application File there did not appear to be A3 copies of drawings provided (where indicated to be so) and the legibility of the drawings was still poor.

It is open to you to address these matters by submitting documentation to us.

Regards,

Seamus Grant
