Subject: An Bord Pleanála

Good Morning Councillor,

You asked for an update in relation to the North-South Electricity Interconnector and Projects of Common Interest (PCI). Under the PCI EU Regulation, Eirgrid must lodge a draft application with the PCI Unit of An Bord Pleanála in its role as competent authority for PCI. Eirgrid has not yet lodged a draft application. I understand from Eirgrid that it is likely to lodge a draft application shortly. I will let you know when the draft application is lodged.

Regards.
