

# Memo

**To:** Philip Green, Assistant Director of Planning

**From:** Des Johnson, Director of Planning

**Re:** PCI0001 North-South Electricity Interconnector

**Date:** 11<sup>th</sup> November 2014

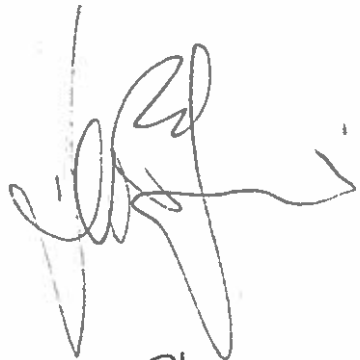

---

The PCI Unit indicate that they have received a draft application from Eirgrid (project promoter) in respect of the proposed North – South Interconnector; this was submitted under EU Regulation 347/2013 on Friday 7<sup>th</sup> November 2014. I attach a memorandum which I received from Diarmuid Collins, SAO (PCI Unit) dated 10<sup>th</sup> November outlining the circumstances of this draft application submission.

As you previously provided an opinion from a strategic infrastructure perspective on the scope of material and level of detail of information to be submitted as part of the application file (the application would be made under the strategic infrastructure provisions of the 2000 Act, as amended) could you please examine the draft application as submitted and determine if there is any information "missing" when considered in the context of your earlier opinion and which was conveyed to Eirgrid by letter dated 13<sup>th</sup> October 2014?

Note that Article 10.4(c) of EU Regulation 347/2013 refers to the receipt of the draft application file.

Please report back to me in due course.

  
11/11 November 2014
