Good Afternoon Lucy,

Thank you for the CRU letter of 20 January, 2021 (copy attached) in relation to the PCI project electricity interconnection between Ireland and France. EirGrid has

submitted a letter dated 10 February, 2021 (copy attached) in relation to its proposal for the scope of material and level of detail of information to be submitted in relation to the project and CRU consents.

In relation to the proposal, you are requested to submit any comments concerning the proposal for the scope of material and level of detail of information to the PCI Unit within 2 weeks of this email i.e. by 26th February, 2021. Given the circumstances, should this 2 week period not be sufficient please contact us.

Regards,
Diarmuid collins,
PCI Unit.

Dear Mr. Collins,

Re: PCI 0003, PCI Project 1.6, Celtic Interconnector Project.

Thank you for your email of February 12th where you requested that the CRU submit further comments concerning the proposal for the scope of material and level of detail of information provided to you in relation to the Celtic Interconnector Project. This followed your receipt of the EirGrid letter of February 10th (enclosed) in response to our initial (January 12th) reply to your previous request on that matter.

We understand your request relates to Article 10.4(a) of EU Regulation 347/2013 and that guidance on what is required under this article is provided in Section 4.2 of the PCI Manual. Assessing against that criteria, CRU considers that additional information is required in respect of the CRU consents to meet the requirements of the regulation.

Please don't hesitate to contact me should you wish to discuss this further.

Yours Sincerely,

Roisin Cullinan
Licensing Regulatory Manager
