**Subject:** Celtic Interconnector

Good morning Diarmuid.

In relation to your previous email regarding the above-mentioned proposed development and your request for a response by the 21<sup>st</sup> April, I can advise that the final pre-app meeting on this case was held last Thursday 15<sup>th</sup> April.

The prospective applicant signalled its intention to lodge the subsequent SID application with the Board in June of this year; an approximate date however was not provided.

I hope this is of assistance.

Kind regards

Kieran
