Hi Diarmuid,

That statement is intended as advisory. In some cases the applicant has indicated that missing information will be provided in the finalised application but this was not noted for start - end dates. We don't need this info for the draft application but just to make it clear that it will be required in the final version.

Kind Regards,
Harry

Good Afternoon Lucy,

Thank you for the responses to the draft application file submitted by EirGrid. The PCI Unit notes in the letter related to consent under Section 48 and 49 of the Electricity Regulation Act 1999 (Reference number D/21/13570), that on page 2 it is requested that information on intended start/end dates for the exercising of consent be included. Please clarify if that statement is intended as advisory or if it is intended to be a request that Missing Information under Article 10 of Regulation 347/2013 be sought under the process. Please respond by 5.30 p.m. today.

Regards,
Diarmuid Collins,
PCI Unit.
