Subject: An Bord Pleanála and PCI

Good Afternoon Lucy,

I refer to your phone call earlier in the day concerning the time for response in relation to the Celtic Interconnector PCI project and your examination for any missing information in relation to the draft application file. Given that the CRU is experiencing time pressure in relation to this matter, we, as PCI unit, are agreeable to extending the time by one week. Please have any response with us by 5.30 pm on Monday 21 June, 2021.

Given the timelines involved any further extension would not be agreeable.

Regards,
Diarmuid Collins,
PCI Unit.
