Present via Microsoft Teams:

Issues

1. CRU given until 26/2/2021 to respond to scoping document.
2. ABP will circulate DAF to EPA – as waste licence may be required.
3. DAF – want hard copy cover letter plus 18 CDs or Memory Sticks. EirGrid to consider if it can make Sharepoint access available.
4. EirGrid asked how much time we might give consenting authorities to comment on DAF. Answer, 8 weeks.
5. To meet/phone after 26/2/2021. Matters to be addressed:
 - Formal closure of scoping proposal and communication from PCI Unit.
 - CDs/Memory Sticks and Sharepoint access.
 - Briefing/update by EirGrid to 3 competent authorities – similar to letter of 13/8/2020 before DAF lodged – which EirGrid target is 11th/12th March.
