Re: PCI 1.6 Celtic Interconnector Project

Dear Seamus,

Your email of the 9th last to Michael Lynch Director of Planning and supporting documents refer.

Further your email and the briefing given by Eirgrid on Friday 25th last, I wish to advise that while we have identified potential environmental consent/licence issues that will need to be addressed as the project proceeds, the Environment Directorate consider the project sufficiently mature to progress to PCI stage.

Of course, no works should commence until any required consents/licences are in place.

Yours sincerely,

Ted O'Leary
