Good Afternoon Nicola,

This is the up-to-date list of consents and contacts received from Eirgrid. I am re-sending it as I had a query from Eirgrid. Was there any response from any other authority (CRU an Dept of Agriculture have responded)? Did ABP acknowledge our letter/email?

Regards,
Diarmuid.

Dear Diarmuid,

On behalf of EirGrid and as requested, please find attached a list of possible consents required for the Celtic Interconnector Project (PCI0003).

We trust that this closes this specific query?

Good Morning Again Valerie,

Just a reminder about a matter that did come up at the meeting and one that we did not recap on. We are operating to a list of consenting authorities you sent us originally. The list includes ABP, CRU, Cork County Council etc. At the meeting, you said that an EPA Dumping at Sea permit will not be required and I asked for an updated list of consents required. You might send that on to us (with relevant contacts) in advance of the scoping proposal as that will enable us to prepare.

Regards,
Diarmuid Collins,

Good Afternoon Valerie,

Thank you for the slides. In relation to the scoping proposal, just so there is no misunderstanding, any proposal should relate to all the information to be supplied. This would include information for ABP, CRU, NMS etc.

Dear Diarmuid,

Many thanks for your time and very helpful feedback today.

Please find attached a copy of the slides that we discussed.

We will work on some of the key actions arising notably:

1. Preparing a letter setting out a joint schedule proposal for all 3 jurisdictions (similar to the timelines slide - slide 9 of 12).
2. Preparing a document setting out in more detail the proposed scope of the application in Ireland (based on the proposed scope slides 7-8 of 12).

If I have forgotten to mention any key points arising from your perspective, please do let me know.

Many thanks again and best regards,

Valerie.

Re: Update regarding List of Consents required in Ireland

Dear Mr. Collins,

I refer to your email dated 18 November 2020 wherein you requested that EirGrid provide you with an updated list of consents that are required in order to deliver the Celtic Interconnector Project, in addition to the relevant contact details for each of those consent requirements.

It is timely that we provide you with an updated list of consents at this juncture, as the previous list was sent to you on 24 December 2018 and there have naturally been some changes that have occurred over this period of time. Most notably, as a result of additional engagement that we have been undertaking with consenting authorities in line with Section 4.1 of the Manual of the Permit Granting Procedures, EirGrid has established that certain consents are no longer required (notably the Dumping at Sea Permit). In addition, there have been some changes to legislation and to the relevant contact details for various organisations and wherever possible relevant information in this respect has been updated.

Please refer to Appendix A to this letter which contains an up-to-date list of required consents in the Irish jurisdiction.

EirGrid looks forward to an acknowledgement from you of the contents of this letter including Appendix A. Should you have any queries in respect of the information provided, please do not hesitate to contact the undersigned.

Yours sincerely,
