Subject: RE: Celtic Interconnector Project

Good afternoon Diarmuid,

Thank you for your email and for giving us sight of this document.

We have no major comments to make, however, we note that the document states the applicant is planning to submit the draft application file to us as the UK competent authority in May 21. Our schedule for permit granting currently has this indicative date as March 21 so I will update this accordingly so that it aligns with your schedule.

For your information, Abbey Coppin has now left the team and I have taken over as case manager for this project. If you have any other questions, please let me know.

Kind regards,
Emma

Subject: Celtic Interconnector Project

Good Afternoon Emma,

I hope you are keeping well. I refer to the Celtic Interconnector electricity project linking Ireland and France. The project promoter has submitted a basis for a schedule for the permit granting process and I attach a copy. We, as Competent Authority in Ireland, will be drawing up a detailed schedule for the permit granting process as is required under EU Regulation 347/2013. As part of the co-operative process please give me any comments on this you wish and, in particular, any comments on the UK timelines referred to in pages 5 to 7. Please give me your response by Thursday 15th April, 2021.

Regards,
Diarmuid Collins,
PCI Unit (Ireland).
