26 October 2022

Dear Ms Thornton

**Proposal:** Proposed Riverine Pedestrian and Cycle Bridge at Station Road, Lifford, County Donegal - 11m in length between Lifford Co. Donegal and Strabane, County Tyrone.

**Location:** Between Station Road Lifford County Donegal and Strabane County Tyrone.

I refer to the above proposal and to An Bord Pleanála's original consultation in November 2021 and receipt of Further Information in June 2022. In both instances the Department undertook the relevant consultations and advertisements as required by Regulation 30 of the Planning (Environmental Impact Assessment) Regulations (Northern Ireland) 2017.

Please find attached copies of the responses received from the following bodies who were consulted on the proposal in terms of the likely significant environmental effects on Northern Ireland:

- DfI Rivers
- Derry City and Strabane District Council
- Derry City and Strabane District Council Environmental Health Service
- Loughs Agency
- Northern Ireland Environment Agency
- NI Water
- DfI Roads
- Historical Environment Division
- NI Water

Where there is more than one response I have annotated it as (1) and (2) etc. in response to the original consultation and the further information respectively.

Please do not hesitate to contact me should you require anything further.

I would be grateful if the Department could be kept informed of any decision made.

Yours sincerely

[Signed]

Nola Jamieson  
**Principal Planning Officer**
