Cl Chara,

Thank you for the opportunity to make a repeat objection in relation to C.P.O. No. 2023 at Stillorgan, Co. Dublin.

I believe that removing the green area will disturb the biodiversity and character of the area.

As trees, shrubbery and green areas absorb carbon this loss of greenery will increase emissions.

It would have little impact in reducing bus times as there is a bus lane there already.

It would reduce the visual quality of bus and other road users and Local Residents.

I hope the above points will be considered in relation to the advantage of keeping this green area.

Yours faithfully,
Teresa Deering.
