3rd May 2024

Re: Substitute consent for quarry and ancillary precast concrete manufacturing yard.
Tromman Quarry, Tromman, Rathmolyon, Co. Meath.

Dear Karen,

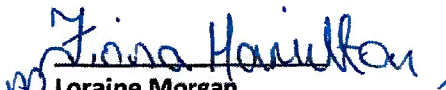

I wish to acknowledge receipt of your correspondence, your cover letter dated 11 April 2024 refers to same, in the above matter.

Please find attached copy of cover letter of 14th March 2022 and cover letter and Planning Authority report both dated 12th February 2019. The Planning Authority's position remains the same.

There are no additional files regarding Planning Enforcement on this site since the Planning Authority's response of 14th March 2022. Planning history files have already been submitted together with a certified copy of the notice served under Section 261A and submissions and correspondence received by the Planning Authority in respect of this quarry.

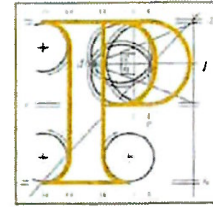

This quarry did not register under Section 261.

Yours Sincerely,

Loraine Morgan,
Senior Staff Officer.

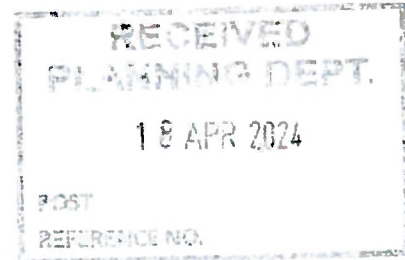

Atts.

Our Case Number: ABP-319397-24

Date: 11 April 2024

Re: Substitute consent for quarry and ancillary precast concrete manufacturing yard.
Tromman Quarry, Tromman, Rathmolyon, Co. Meath.

Dear Sir / Madam,

An Bord Pleanála has received an application for substitute consent under section 177E of the Planning and Development Acts 2000 to 2018.

Please note that this application has not yet been validated and further documents may issue to you when validated. Please find enclosed two copies of the application, one of which in accordance with article 229(2) of the Planning and Development (Amendment) (No.3) Regulations shall be made available by you for public inspection / purchase at your offices during the currency of the application. Please ensure that this letter is also available for inspection.

Please forward to the Board within a period of 4 weeks from the date of this letter, the following documents:

1. A certified copy of the notice served under section 261A.
2. A copy of all submissions and correspondence received by the Planning Authority in respect of this quarry, both in response to the public notice of the Authority under Section 261A (1), and at any time before the publication of this notice.
3. A complete copy of all of the information, including any reports prepared by, for and on behalf of the Planning Authority in respect of this quarry, and any drawings, maps, photographs or legal documentation (e.g. ownership details) upon which the determination/decision was based.
4. Where the quarry and/or the overall landholding that is the subject of the determination/decision had any planning history, full documentation (including all documentation from the applicants, all planning and other technical reports on the applications, any third party submissions and submissions from any prescribed bodies, and certified copies of Manager's Order etc., where relevant) and all post-decision

Teil	Tel	(01) 858 8100

Ríomhphost	Email	bord@pleanala.ie

64 Sráid Maoilbhríde	64 Marlborough Street
Baile Átha Cliath 1	Dublin 1
D01 V902	D01 V902

correspondence (including any drawings and other documentation in respect of compliance with conditions) in each case.

5. Where the quarry and/or the landholding that is the subject of the determination/decision was the subject of any enforcement, full details and all documentation in respect of all enforcement files. (All documentation, including photographs of inspections, maps and drawings on any such file is required, though the names and addresses of any persons making complaints on the enforcement files may be blacked out, if considered necessary for reasons of confidentiality). If there are no such files, the Planning Authority is asked to formally confirm that this is the case.

6. All documentation in relation to the registration of the quarry under Section 261 (including any submissions made to the Planning Authority from persons other than the quarry owner/operator).

Where any planning history file under item 4 above was the subject of appeal to An Bord Pleanála that was not subsequently withdrawn, it will be sufficient in such instances that the Planning Authority indicate the particular PA file reference and also the Board's file reference, and provide only any post decision documentation.

Section 177I (1) of the Planning and Development Acts 2000 to 2017 requires you to submit to the Board a report within 10 weeks of receipt by you of an application for substitute consent. The report shall include the items set out in section 177I (2)(a), (b), (c), (d) and (e). In this regard the Board notes that recent Ministerial Guidelines to planning authorities under section 28 of the Planning and Development Act 2000 (as amended) (circular letter PL 8/2013) indicates that planning authorities should complete and return this section 177I report to the Board within three weeks of receipt of a copy of the application from the Board.

Separately your attention is drawn to section 177M of the Act. It is open to the planning authority to make a submission to the Board setting out your costs incurred during the course of consideration of the application. This submission is without prejudice to the decision of the Board and should be made not later than 2 weeks after the submission of report of the planning authority.

A copy of the planning authority report should be placed on the public file.

Thank you for your co-operation in this matter. If you have any queries please contact the under signed.

Yours faithfully,

Karen Hickey

Keegan Quarries Trammon Quarry, Co Meath**

**Application for leave to apply for substitute consent.
Section 177C(2)(b) of Planning and Development Act 2000, as amended**

Dear Sir/Madam,

The Planning Authority welcomes the application for leave to apply for substitute consent by Keegan Quarries for development at Trammon Quarry which would incorporate the totality of the operational area of the Applicants Trammon Quarry. The Planning Authority also notes that said application includes both the quarry and the ancillary concrete products manufacturing area. The Planning Authority invites An Bord Pleanála to regularise the totality of the site to bring all existing quarrying and ancillary activities under a single planning unit.

The Planning Authority supports the continued planned and appropriate development of this site. It is considered that the Applicant through his various enterprises in County Meath makes a significant contribution to the local economy. The Planning Authority supports the further development of employment in the County and it is acknowledged that the Applicants contribution is significant with 120 direct employees. The proposal forms part of a wider extension and expansion of the businesses operating at this site and subject to the relevant assessments being carried out, the proposal are generally supported in Section 10.12 and Policies RD POL 21 to RD POL 27 of the Meath County Development Plan 2013-2019.

Therefore to conclude, the Planning Authority would encourage and support An Bord Pleanála to process this Application to regularise the site and reach a successful conclusion.

Yours faithfully,

On Behalf of Meath County Council

Re: Application for substitute consent for a quarry at Trammon, Rathmolyon, Co. Meath

Dear Jennifer,

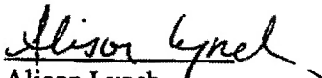

In response to your letter dated 8th August 2019 and your clarification email dated 12th August 2019 I now enclose requested documents as follows;

1. A certified copy of the notice served under section 261A.
2. A copy of all submissions and correspondence received by the Planning Authority in respect of this quarry.

I note from the clarification email that it is not necessary to submit any planning history documentation in relation to the quarry as specified in points 3, 4 and 5 of your letter dated 8th August 2019.

In relation to point 6 of the letter I can confirm that this quarry did not register under Section 261.

Yours faithfully,

To: Marie Mulhaire; Planning Enquiries
Cc: Bronwyn Byrne
Subject: ABP-305049-19 Application for Substitute Consent Trammon Rathmolyon Co. Meath

Hi Marie,

I wish to refer to our telephone conversation today in which you requested clarification regarding the Board's letter to Meath County Council on 8th August, 2019 re the above file.

I can clarify that Section 177I(1) of the Planning and Development Acts, 2000 (as amended) requires Meath County Council to submit to the Board a report within 10 weeks of receipt of an application for substitute consent. This is the deadline under which the Board requires a response from Meath County Council.

In the Board's letter to Meath County Council on 8th August, 2019 reference is made to Ministerial Guidelines which indicates that planning authorities should complete and return a report under Section 177I within 3 weeks of receipt of a copy of the application from the Board. This is a **guideline only** and does not overturn the statutory requirement in Section 177I which requires a planning authority to submit a report to the Board within 10 weeks of receipt of an application for substitute consent.

Also, it is not necessary to submit any planning history documentation in relation to the quarry as specified in point 3, 4 and 5 of the Board's letter as this information was received in relation to previous files. However, it may be necessary to request certain documentation at a later date. Furthermore, I draw your attention to the paragraph after point 6 in the Board's letter which states that any planning history that was subject to appeal in the Board, it will be sufficient for Meath County Council indicate the particular PA file reference and also the Board's file reference, and provide only any post decision documentation.

Kind regards,
Jennifer

MEATH COUNTY COUNCIL

Corporate Services Dept

09 AUG 2019

RECEIVED

Dear Sir / Madam,

An Bord Pleanála has received an application for substitute consent under section 177E of the Planning and Development Acts 2000 to 2018.

Please note that this application has not yet been validated and further documents may issue to you when validated. Please find enclosed two copies of the application, one of which in accordance with article 229(2) of the Planning and Development (Amendment) (No.3) Regulations shall be made available by you for public inspection / purchase at your offices during the currency of the application. Please ensure that this letter is also available for inspection.

Please forward to the Board within a period of 4 weeks from the date of this letter, the following documents:

1. A certified copy of the notice served under section 261A. ✓
2. A copy of all submissions and correspondence received by the Planning Authority in respect of this quarry, both in response to the public notice of the Authority under Section 261A (1), and at any time before the publication of this notice. *Check also Michael's typing folder.*
3. A complete copy of all of the information, including any reports prepared by, for and on behalf of the Planning Authority in respect of this quarry, and any drawings, maps, photographs or legal documentation (e.g. ownership details) upon which the determination/decision was based.
4. Where the quarry and/or the overall landholding that is the subject of the determination/decision had any planning history, full documentation (including all documentation from the applicants, all planning and other technical reports on the applications, any third party submissions and submissions from any prescribed bodies, and certified copies of Manager's Order etc., where relevant) and all post-decision correspondence (including any drawings and other documentation in respect of compliance with conditions) in each case.
5. Where the quarry and/or the landholding that is the subject of the determination/decision was the subject of any enforcement, full details and all documentation in respect of all enforcement files. (All documentation, including photographs of inspections, maps and drawings on any such file is required, though the names and addresses of any persons making complaints on the enforcement files may be

STRICTLY
PRIVATE & CONFIDENTIAL
NOT FOR PUBLIC INSPECTION

blacked out, if considered necessary for reasons of confidentiality). If there are no such files, the Planning Authority is asked to formally confirm that this is the case.

6. All documentation in relation to the registration of the quarry under Section 261 (including any submissions made to the Planning Authority from persons other than the quarry owner/operator). *not registra*

Where any planning history file under item 4 above was the subject of appeal to An Bord Pleanala that was not subsequently withdrawn, it will be sufficient in such instances that the Planning Authority indicate the particular PA file reference and also the Board's file reference, and provide only any post decision documentation.

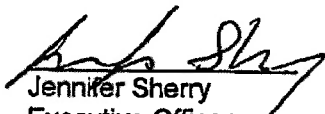

Section 177I (1) of the Planning and Development Acts 2000 to 2017 requires you to submit to the Board a report within 10 weeks of receipt by you of an application for substitute consent. The report shall include the items set out in section 177I (2)(a), (b), (c), (d) and (e). In this regard the Board notes that recent Ministerial Guidelines to planning authorities under section 28 of the Planning and Development Act 2000 (as amended) (circular letter PL 8/2013) indicates that planning authorities should complete and return this section 177I report to the Board within three weeks of receipt of a copy of the application from the Board.

Separately your attention is drawn to section 177M of the Act. It is open to the planning authority to make a submission to the Board setting out your costs incurred during the course of consideration of the application. This submission is without prejudice to the decision of the Board and should be made not later than 2 weeks after the submission of report of the planning authority.

A copy of the planning authority report should be placed on the public file.

Thank you for your co-operation in this matter. If you have any queries please contact the under signed.

Yours faithfully,

Jennifer Sherry
