Dear Sir / Madam,

Further to yours of 29 August 2025, I wish to comment as follows;

The Government's security of supply review acknowledges the need for LNG imports and concludes that Ireland needs a floating storage and regassification unit,(FSRU). The STEP is for the same FSRU. The report also acknowledges that private entities are entitled to own and operate LNG facilities. It is clear that the Shannon LNG proposal is in line with government policy and should be approved .

Noel Lynch,  
Ballylongford,  
Co. Kerry.
