104 Rosan Glas, Ragoon Rd, Galway 20th December 2018

RE PL07.302848

Dear Sir/Madame

We are both owner occupiers of the above property. We wish to object to the proposed new slip road from the N59 Link Road South which is proposed to run alongside of estate.

This road was not part of the original proposals that were put out for public consultation. This is not acceptable as we have had no opportunity to voice our concerns.

It appears that this new layout is there to facilitate property development rather than good planning.

Our enjoyment of our estate will be seriously damaged.

There will be increased noise levels.

There will be increased light pollution.

The slip road will be the access point for a massive retail development that is under construction.

We will be forced to access and leave our estate directly onto the slip road.

There is plenty of land that could be used in order for us to retain our original access route.

It is unacceptable that this development is foisted on us at this late stage.

We ask that you instruct the road designers to revert to the original plan

Seamus Sheridan

Miriam Duggan
