## Observation details

### 5. Grounds

Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below. There is **no word limit** as the box expands to fit what you write.

You can also insert photographs or images in this box. (See part 6 – Supporting materials for more information).

The overall plan is going to negatively impact the quality of life of residents and the community of the Navan Road. Destruction of mature trees is also going to have a negative environmental impact at a time when we should be looking to protect our natural environment. Safety of our children and elderly is further compromised with the widening of roads and already on a frequent daily basis vehicles break the pedestrian lights outside our estate (Including DUBLIN BUS AND BUS EIREANN – only today the no 37 bus going into town broke the lights AT SPEED). There have been two serious crashes at these lights in recent months and a number of years ago an elderly pedestrian was killed crossing the road at these lights.

Right turning into Kempton will be further compromised as will delays in exiting the estate with the loss of the filter lane. The removal of the roundabout is again going to cause further traffic issues and increase volumes on the Navan Road.
