Re: BusConnects Lucan to City Centre Core Bus Corridor Scheme
Lucan to Dublin City Centre

Dear Madam,

An Bord Pleanála has received your recent submission (including your fee of €50) in relation to the above-mentioned proposed road development and will take it into consideration in its determination of the matter.

Please note that the proposed road development shall not be carried out unless the Board has approved it or approved it with modifications.

If you have any queries in the mean time, please contact the undersigned.

Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Doina Chiforescu
Executive Officer

Proposed development of the Lucan to City Centre Bus Corridor – Observations

Removal of filter light at junction of the Oval and R148

This will lead to a build up of traffic in a highly residential area, particularly at the start and finish of the school day at the nearby St. Brigid's National School. The proposed changes will have a negative impact, not only on people driving children to and from school, but on local residents also, many of whom are elderly.

Removal of filter at the junction of Kennelsfort Road and R148

This will lead to an increase in traffic volume on Kennelsfort Road. Currently at certain times of the day there is a build up of traffic from this junction back to the Silver Granite Pub and beyond. The removal of the filter light will surely exacerbate the problem.

Re-direction of No. 26 (80) bus route

This will serve no useful purpose for the residents of the village or its environs. Also, there are a number of Badger sets located on the north side of R148; their habitat should be left undisturbed.
