Lucan to City Centre Bus Corridor

Arguments against

Removal of Trees from back of houses. The trees act as a sound barrier from the busy motorway if removed this will lead to Noise pollution, there is several children with sensory issues living here will be effected greatly by this.

Dirt / dust be directly in back gardens as there will be no filter from Motorway.

Privacy will be non-existent buses go by every couple of minutes can see directly into houses.

Exiting Oval filter left is removed, can still exit left but no filter will result in traffic being backed up on an already busy junction.

Id like to propose if it does go ahead that privacy fencing needs to be put in place.
