Re: Bus Connects Templeogue/Rathfarnham to City Centre Core Bus Corridor Scheme
Templeogue/Rathfarnham to City Centre

Dear Sir / Madam,

An Bord Pleanála has received your recent submission in relation to the above-mentioned proposed road development and will take it into consideration in its determination of the matter. Please accept this letter as a receipt for the fee of €50 that you have paid.

Please note that the proposed road development shall not be carried out unless the Board has approved it or approved it with modifications.

The Board has also received an application for confirmation of a compulsory purchase order which relates to this proposed road development. The Board has absolute discretion to hold an oral hearing in respect of any application before it, in accordance with section 218 of the Planning and Development Act 2000, as amended. Accordingly, the Board will inform you in due course on this matter. The Board shall also make a decision on both applications at the same time.

If you have any queries in relation to this matter please contact the undersigned officer of the Board.

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Eimear Reilly

Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

I am making an observation in relation to the proposed Bus Connect Bus corridor plans (Templeogue/ Rathfarnham to city centre, pp153-166 Traffic and Transport) 'no right turn' from Fortfield road into Lavarna

Grove. My argument relates to the restrictions of local Lavarna **residents** making this turn, Argument as follows:

- Context, many residents making locals runs to schools, shops etc not always possible by other means
- Forcing residents seeking to enter Lavarna to then make a round trip via kcr/ terenure road west will worsens traffic at that already difficult junction.
- Extra and unnecessary travel time not warranted and will create localised traffic issues in general
- As a carer of an 89 year lady who suffers from dementia, increase risk that an ambulance would take longer to arrive given the restricted access to Lavarna.
- This would cause a significant bottleneck on Terenure road west onto Lavarna Road with flow competing on very small area also create tail backs within Lavarna at peak times (many non residents parking along that stretch making it single lane as it is)The many elderly and parents with small kids will be unfairly disadvantaged having to make this extended and inefficient journey to access their home coupled with a sense of being trapped and locked in

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

- On the basis that the turn restriction is to avoid making Lavarina a “rat run” (which we agree with) making an exemption for local residents should be considered as is achieved in many other locations (permit/ camera etc) given the magnitude of this proposal we believe a creative solution should be considered.

Strong recommendation to make a provision and due consideration to residents in the following areas in the context of this restriction: Lavarina Road & grove and also neighbours on Terenure road west as impacted.
