1. The Dust levels and related Health Issues – already since 2021
The residents of Woodvire Cottages have suffered during the current Works i.e respiratory , chronic sinus problems and aggravated problems with people suffering heart conditions such as heart failure .The proposal to create a further construction compound is completely unacceptable to the residents and will increase substantially to the vulnerability of those with already worsening health conditions as a result of the effect of having the compound on their dorrstep.
2. Further loss and disruption of the amenity of the green area known as Spider Hill. This compound will DESTROY this special amenity which is used by adults and children and passers by as a beautiful leisure spot and a wonderful access point for pedestrians accessing Bushy Park from Rathfarnham Village and will deprive the residents of their amenity which is vital to living in this area.
3. The construction and use of this compound will cause a significant Safety hazard for those being encouraged and wishing to use the Dodder Greenway with all the heavy plant using the roadways , not to mention the noise and air pollution that people will have to endure
4. The construction and use of this compound will negate and destroy any environmental benefit that has been created with the construction of the Dodder Greenway
