Re: Busconnects Kimmage to city centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

An Bord Pleanála has received your recent submission in relation to the above-mentioned proposed road development and will take it into consideration in its determination of the matter.

Please note that the proposed road development shall not be carried out unless the Board has approved it or approved it with modifications.

The Board has also received an application for confirmation of a compulsory purchase order which relates to this proposed road development. The Board has absolute discretion to hold an oral hearing in respect of any application before it, in accordance with section 218 of the Planning and Development Act 2000, as amended. Accordingly, the Board will inform you in due course on this matter. The Board shall also make a decision on both applications at the same time.

If you have any queries in relation to this matter please contact the undersigned officer of the Board at laps@pleanala.ie

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Eimear Reilly
Executive Officer

Re: Notification under the Planning and Development Act, 2000, as amended.

Proposed Strategic Infrastructure Development (SID): Kimmage to City Centre Core Bus Corridor Scheme commences at the Kimmage Cross Roads junction (Terenure Road West / Fortfield Road / Kimmage Road West) and proceeds along Kimmage Road Lower to Harold's Cross Park, Harold's Cross Road, crossing the Grand Canal at the junction with Parnell Road / Grove Road, continuing along Clanbrassil Street, and New Street South as far as the St Patrick's Street Junction, as well as provision of a parallel quiet street cycle route from Ravensdale Park to Mount Argus to the west of Kimmage Road Lower.

A chara

I refer to correspondence received in connection with the above.

Outlined below are heritage-related observations/recommendations of the Department under the stated heading(s).

Archaeology

It is noted that the EIAR submitted as part of the planning application incorporates a desk-based Archaeological Impact Assessment which was carried out in relation to the proposed development by Courtney Deery Heritage Consultancy Ltd (EIAR Chapter 15; date July 2023). NMS has reviewed the EIAR and is broadly in agreement with the findings in relation to Archaeology and Cultural Heritage as set out therein.

Therefore, this Department advises that the following should be included as a condition of any grant of permission. Note these recommended conditions align with Sample Conditions C5 and C6 as set out in *OPR Practice Note PN03: Planning Conditions* (October 2022), with appropriate site-specific additions/adaptations based on the particular characteristics of this development and informed by the findings of the EIAR.

Archaeological Requirements:

1. All mitigation measures in relation to archaeology and cultural heritage as set out in Chapter 15 of the EIAR (Courtney Deery Heritage Consultancy Ltd; date July 2023) shall be implemented in full, except as may otherwise be required in order to comply with the conditions of this Order.
2. The Construction Environment Management Plan (CEMP) shall include the location of any and all archaeological or cultural heritage constraints relevant to the proposed development as set out in Chapter 15 of the EIAR and by any subsequent archaeological investigations associated with the project. The CEMP shall clearly describe all identified likely archaeological impacts, both direct and indirect, and all mitigation measures to be employed to protect the archaeological or cultural heritage environment during all phases of site preparation and construction activity.
3. A Project Archaeologist shall be appointed to oversee and advise on all aspects of the scheme from design, through inception to completion.
4. The planning authority and the National Monuments Service shall be furnished with a final archaeological report describing the results of all archaeological monitoring and any archaeological investigative work/excavation required, following the completion of all archaeological work on site and any necessary post-excavation specialist analysis. All resulting and associated archaeological costs shall be borne by the developer.

Reason: To ensure the continued preservation (either *in situ* or by record) of places, caves, sites, features or other objects of archaeological interest.

You are requested to send any further communications to this Department's Development Applications Unit (DAU) at manager.dau@npws.gov.ie, or to the following address:
