You can also insert photographs or images in this box. (See part 6 – Supporting materials for more information).

First observation I will make is regarding the effect bus connect of bray scheme on Shankill village itself.it will definitely have an adverse effect on the village.The service through the village will be reduced by 30%
The disruption it will cause during and after the changes- for a minimal Improvement of the trip from Bray to city centre of 7 mins.
On the conservation issue it will have an adverse effect on number of trees It is vital to preserve the present trees at all cost.
Regarding the roundabout at St Anne's it will not improve traffic through the village and surrounding areas.The research has not been proven on that point.
Where I live the effect on widening the road on shanganagh rd Will cause noise pollution to the proximity of my house.
It will reduce the privacy to my house and i will expect the wall close my house to build a higher one for that purpose.
Finally I will urge the planners to think again about these minimal changes at enormous costs.
Regards,
Shekur bonomally
