Re: Galway City Ring Road

To whom it may concern

IDA Ireland is the State Agency that is responsible for winning Foreign Direct Investment (FDI) for Ireland. These investments cover a full spectrum of activities including manufacturing, research development & innovation and business services, and they result in significant capital investment and employment creation in Ireland.

To support the continued growth of employment in FDI companies in Galway city, the implementation of the Galway Transport Strategy is required in order to enable the efficient movement of employees and freight in Galway city and county.

The Galway City Ring Road is a fundamental aspect of the Galway Transport Strategy and is required to support the future growth of the city, county and wider region.

In this context, IDA Ireland is very supportive of the development of the Galway City Ring Road.

Kind Regards
