To Whom it may concern,

I would like to highlight with regards to this proposed CPO and its associate works the potential to affect the operation of our services and traffic entering our campus from the Dublin road.

The Woodlands Campus hosts two special needs schools and a variety of support services. I would request that detailed review and support to ensure no interruption to operation of service during the development of proposed works in this area.

During the early phase of the project, review of the effect of school traffic was considered and reviewed with the City Council but now with the development of a new school on the campus I would like to ensure all consideration is given to the bus vehicles entering the east campus entrance and turning left towards the new school access road as per sketch and image below.
