Co. Laois.

25th May, 2020.

RE: Planning Ref. 19/200 - 1). retain and complete as necessary for a slatted tank, animal housing which incorporates cubicle area, calving boxes, milking parlour, dairy, office, plant room, slatted feeding area, collecting area, steel uprights at slatted feeding area; and all associated ancillary works and services; 2). permission to cut back steel uprights at slatted feeding area; 3) permission to construct new crush in collecting yard at Grennan, Attanagh, Co. Laois.

A Chara,

I refer to the above planning application and wish to advise that pursuant to Section 34(12) of the Planning and Development Act, 2000 as amended, the Planning Authority must refuse to consider the application to retain this agricultural shed as, if an application for permission had been made in respect of the development concerned before it was commenced, the application would have required the following be carried out :-

(a) An Appropriate Assessment

The Planning Authority concludes that the development would have required an Appropriate Assessment to assess the potential impacts on the River Barrow and Nore SAC which is in close proximity to the development site.

Is mise, le meas,

Pat Delaney,
Administrative Officer
