We as a parts supplies business to the quarrying industry have dealt with Hudson Bros since our company was founded in 1988. Hudson Bros are a very valuable customer of our company and it is the support of businesses such as Hudson Bros that our company and its employees depend on.

We have always found Hudson Bros and the Hudson family excellent to deal with and they are very professional and honourable in everything that they do. Hudson Bros have always been good to support local businesses in the region and through this they have helped the regional economy and helped to create many jobs, both direct and indirect.

The aggregates that Hudson Bros produce are essential raw materials that are required to build much needed housing, schools, hospitals, roads and other important infrastructure that the country so badly needs.

If you require any further information, please do not hesitate to contact me on
