Re.: Application for Substitute Consent under Section 177E of works including raising of ground levels by filling of land, the provision of concrete surface on part of that filled area with the use of the filled area for storage of vehicles and materials and all associated site works at Court, Kildimo, Co. Limerick

Case Reference: SU91.320050

Dear Mr. Megannety,

With reference to your letter of 10 September concerning the above referral, the Authority outlines the following observations for the Boards consideration;

The Authority notes the subject development site accesses the local road network (L8038) prior to access to the N69, national road.

Having regard to the extent of the operations presented in the Substitute Consent application, the planning history of the subject site and the location of the subject operations accessing the local road network, the Authority has no specific comment to make in relation to the subject development.

The Authority has no other specific comments to make in relation to the proposed development and trusts that the foregoing proves of assistance to the Board in dealing with this matter.

The Authority trusts that the foregoing proves of assistance to the Board.

Yours sincerely,

Michael McCormack
Senior Land Use Planner
