

APPLICATION TO AN BORD PLEANÁLA FOR SUBSTITUTE CONSENT FOR A QUARRY UNDER SECTION 177E OF THE ACT

We, Bison Quarries Ltd, intend to apply for substitute consent under Section 177E of the Planning and Development Act 2000, as amended, for development on lands located within the townland of COOLSICKIN OR QUINSBOROUGH, Co. Kildare (the 'Site').

The development consists of a quarry over an area of 7.87 ha. with a quarry void space of approximately 2.3 ha, and a final floor of approximately 55 mOD. The reserve consisted of sand and gravel which was extracted by mechanical means, and limestone rock which was extracted by blasting and mechanical means. Crushing, grading and processing was carried out by mobile plant. The development included:

- Grading and processing of excavated sand and gravel,
- Crushing, grading and processing of blast rock,
- Stockpiling of sand, gravel and rock,
- Export of sand, gravel and aggregate (limestone) to market via the lands under the control of a third-party quarry located to the east of the subject quarry, and,
- Pumping of collected waters from the quarry void and subsequent discharge to ground.

The quarry was in use between 2000-2006 and has been disused since 2006. The Site has been registered under Section 261A of the Planning & Development Act 2000 with Kildare County Council and assigned quarry registration number QRA-21-002. Development of the lands has previously been the subject of three planning applications deemed to be incomplete or invalid by Kildare County Council (planning application references: 06/741, 06/855, and 06/1155).

This substitute consent application is made concurrent with an application to restore the disused quarry to agricultural lands through importation of clean, uncontaminated soil and stone at this location under Section 37L of the Planning and Development Act 2000, as amended.

This substitute consent application is accompanied by a remedial Environmental Impact Assessment Report (rEIA) and remedial Stage 1 Appropriate Assessment Screening Report. The rEIA is for an EIA project unit over 10.6 ha. that encompasses the area of the substitute consent application and the concurrent further development application which provides for restoration of the quarry under Section 37L of the Act.

Submissions or observations may be made on the application, to An Bord Pleanála, Marlborough Street, Dublin 1, free of charge. Submissions or observations must be in writing and made within the period of 8 weeks beginning on the date of receipt of the application by An Bord Pleanála and such submissions and observations will be considered by An Bord Pleanála in making a decision on the application. An Bord Pleanála may grant the consent subject to or without conditions, or may refuse to grant it.

The application for permission may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, or Kildare County Council, Devoy Park, Naas, Co Kildare, W91 X77F during their public opening hours.

Any enquiries relating to the application process should be directed to An Bord Pleanála (Tel. 01-8588100).
