Re: Application for substitute consent under Section 177E for quarry. A remedial EIAR accompanies the application.
Coolsickin or Quinsborough, Monasterevin, Co. Kildare.

Dear Sir / Madam,

An Coimisiún Pleanála has received your letter in which you intended to make submissions or observations in relation to an application for substitute consent under the Planning and Development Act 2000, (as amended).

Article 231(1)(b)(i)(ii) of the Planning and Development Regulations provides that any submission or observation received shall state the name and address of the person or body making the submission or observation and indicate the address to which any correspondence relating to the application should be sent. As your submission/observation did not include the name and address of the person or body making the submission or observation and indicate the address to which any correspondence relating to the application should be sent, it is regretted that it must be regarded as invalid.

Article 231 of the Planning and Development Regulations 2001, as amended, provides that the appropriate period for the making of a submission or observation means the period of 8 weeks beginning on the day of receipt of the Substitute Consent application by the Commission.

In this case, the time period to lodge a valid submission has expired.

If you have any queries in the meantime, please contact the undersigned officer of the Commission at appeals@pleanala.ie.

Yours faithfully,

Derek Kelly
