Re: Application for substitute consent for deep water quay development at Ros and Mhil, Co Galway, REF: ACP 323827-25 & your letter of 5th January 2026

To whom it may concern,

The Health and Safety Authority (the Authority), acting as the Central Competent Authority under the Chemicals Act (Control of Major Accident Hazards Involving Dangerous Substances) Regulations 2015 (S.I. 209 of 2015) gives technical advice to the Planning Authority when requested, under regulation 24(2) in relation to:

- (a) the siting and development of new establishments;
- (b) modifications to establishments of the type described in Regulation 12(1);
- (c) new developments including transport routes, locations of public use and residential areas in the vicinity of establishments, where the siting, modifications or developments may be the source of, or increase the risk or consequences of, a major accident.

Since the above-referenced application appears to be outside the scope of the Regulations, the Authority has no observations to forward.

If you have any queries please contact the undersigned.

Yours sincerely

Geoff Hynes
Inspector,
COMAH, Chemical Production & Storage (CCPS)
