

View from Balscadden Road above Balscadden Beach

We note that the views provided in the Verified Views submitted by the Apellant are from the elbow of the East Pier, and from Balscadden Beach, whereas there are considerably more Protected Views affected, ie from the Northern stretch of Balscadden Road, the Martello Tower, and along the full length of the East Pier.

Protected Views Development Plan

The location of the large amount of reflective glazing directly above an SPA with a protected nesting site for Kittiwakes is also of great concern.

On all the above grounds we respectfully urge you consider the above to when determining this appeal.

Yours sincerely

Jacqueline Feeley
