Subject: Cleanrath windfarm

Hi there. I wish to object to the construction and use of windmills at Cleanrath Windfarm Ltd. PL04. 307939. The windmills are a complete eye sore looking out my kitchen window. This was my mother's homeplace where she grew up and spent her childhood and where I spent many happy days at the bog in the exact spot where these monstrosities have been built and it is appalling to see this wild and beautiful expanse of terrain being turned into an ugly landscape because of greed. I am living roughly 5km from this area and along with them being an eyesore we can actually hear the blades turning and whirring from our backdoor. So I and my family are 100% against them and want them disassembled. Thank you Geraldine Healy Lisbui Mor Kilnamartyra Macroom Co Cork
