I wish to make the following submission regarding the application for substitute consent by CLEANRATH WINDFARM regarding the present WINDFARM in the townlands of Cleanrath North & South etc. -

I object to its presence and any attempt to retain it because of its shocking close proximity to people's homes: its horrendous visual impact to the landscape: its contribution to the Threats on the Gearagh SAC. whereby the development was allowed proceed; despite its permission being rejected by the COURTS! - it being in breach of article 6(2) of the Habitats Directive and also of Article 6(3) as NO credible GOOD WATER MANAGEMENT practice's materialised during its construction as granted under ABP-306272-16 and pursuant to ABP-PL 04.246742
